

nyloflex®

**FAR**

The all rounder in analogue plates

Be  
brilliant.

**XSYS**  
Print solid. Stay flexible.

## About XSYS

XSYS is a global provider of integrated solutions for the flexographic, letterpress and pre-press printing markets, offering photopolymer plate processing systems, sleeves/adapters, and complementary workflow technologies. With a strong focus on customer success, we combine deep technical expertise with service and support to deliver consistent quality and productivity for printers, converters, and trade shops.

## 2nd Shift - Base Builder

### Mission of the role & responsibilities

- As a Base Builder, you will play a crucial role in the production process by operating and maintaining manufacturing equipment. You will be responsible for producing precise and durable flexographic sleeves, adhering to strict quality standards and meeting production targets. This role requires technical expertise, attention to detail, and the ability to work effectively in a fast-paced manufacturing environment.

▪

### Required qualifications

- High school diploma or equivalent
- Proven experience as a manufacturing technician/machine operator
- Basic to intermediate mechanical knowledge for the purpose of conducting preventive and routine maintenance of the equipment
- Ability to troubleshoot and problem solve
- Strong attention to detail and ability to consistently produce high-quality work
- Proficiency in reading technical specifications and flow sheets
- Basic computing skills
- Strong work ethic, reliability, and a commitment to upholding safety standards
- Ability to push, pull, lift and maneuver heavy objects (up to 75 lbs on your own, up to 200 lbs with a team and/or mechanical assistance)
- Ability to stand, walk, bend, kneel, stoop for long periods of time
